AN EXHIBITION OF THE
SHOALHAVEN KOKODA YOUTH EXPERIENCE 09

Featuring photographic works by
MICHAEL HARRIS

This exhibition is an outcome of collaboration between Shoalhaven City Council & the Australasian Occupational Science Centre for Youth Week 2010.
ABOUT THE EXHIBITION

This is an exhibition of photographs taken during the Shoalhaven Kokoda Youth Experience 2009 (SKYE 09) which took place from 2-16 October 2009. The group consisted of 7 young people from the Shoalhaven, aged 16-23 years, 5 mentors, the trek leader and 24 Papuan porters. They trekked the Kokoda Track from Kokoda to Owera Corners, covering about 140kms.

Comments made by team members at the conclusion of their trek are included in the exhibition to provide some insight to their impressions of the Track and their thoughts on the influence of the experience.

The aims of this exhibition are to: provide team members an opportunity to share their experiences with family, friends, and the general public; publicly acknowledge the sponsors of the SKYE09; and recruit potential members for the team of the Shoalhaven Kokoda Youth Experience 2010 (SKYE10). The exhibition has approval from the University of Wollongong’s Human Research Ethics Committee.

SILENT AUCTION

Michael Harris, 23, is passionate about photography. As a member of SKYE09, he reveled in the opportunity to capture the scenery, village life and the historical sites along the Track.

Michael has generously provided 10 of his photographs to be sold at this exhibition. All proceeds from the sales will contribute to funding SKYE10.

Michael’s photographs are being silently auctioned. The starting price of each photograph is the cost price.
